

# Functional Analysis, Mathematical Physics, and Dynamical Systems (FAMPDS)

## Joint American-Ukrainian Virtual Colloquium Series Spring 2021

**Commencing on Friday, February 12, 2021**

---

*Functional Analysis, Mathematical Physics, and Dynamical Systems (FAMPDS) Joint American-Ukrainian Virtual Colloquium Series* is a new collaborative international endeavor by the *Functional Analysis and Mathematical Physics Interdepartmental Research Group (FAMP)* of *California State University, Fresno*, the *Fractal Research Group (FRG)* and *Mathematical Physics and Dynamical Systems Research Group (MPDS)* of the *University of California, Riverside*, and the *Institute of Mathematics, National Academy of Sciences of Ukraine*. The colloquium series is intended to foster free exchange of ideas, create and consolidate contacts and collaborative opportunities between the scholars and graduate students involved in research in the areas of functional analysis, mathematical physics, dynamical systems, and other areas of interest. The meetings are to be conducted in English, the talks are to be kept at the level accessible to the graduate students and non-experts.

---

**Fridays, 10:00-11:00 AM (PST), 20:00-21:00 (EET)**

**Online via Zoom at**

Mathematics knows no races or  
geographic boundaries; for  
mathematics, the cultural world is  
one country.
